

LONDON SCHOOL
OF SCIENCE & TECHNOLOGY

Withdrawals, Deferrals and Transfers Policy and Procedures

Version 6.0

Approved by the Board of Governors (TBC)

Last Amendment: February 2021

The following sets out the School's policy and procedures for withdrawing students from study programmes before completion. It also sets out the procedures for approving and managing students' deferrals and transfers to other study programmes. It has been compiled with due regard for requirements of the *UK Quality Code for Higher Education*, in particular the need to ensure that students are supported to achieve successful academic and professional outcomes.

These procedures do not apply to applicants who have not completed the enrolment process, or who are unsuccessful in their application to study with the School.

1. Definitions

- 1.1. “*Withdrawal*” refers to the cessation of study on a particular programme with no intention of continuing at a later date. Withdrawal from a study programme can be initiated at any time, by either the student or by the School.
- 1.2. “*Deferral*” refers to a delay in a student’s enrolment/commencement of a programme of study, until a later semester/year.
- 1.3. “*Interruption / Intermission*” refers to a temporary break from studies where the student plans to resume their studies at a future date.
- 1.4. “*Resumption of Study*” refers to the commencement of a study programme following a deferred start or a period of interruption/intermission.
- 1.5. “*Transfer*” refers to the process of a student moving from one programme of study to another. This may be to start another programme, or to join a programme at an advanced stage where a student has sufficient academic credits and enrolment rules permit this.
- 1.6. “*Awarding body*” refers to a higher education provider with degree awarding powers. LSST delivers programmes under award validation and franchise agreements with recognised university partners; procedures for reviewing and approving withdrawals, deferrals and transfers may therefore vary between programmes, depending on the programme’s awarding body.
- 1.7. “*Exit Award*” refers to any partial award that may be given where the student has not achieved sufficient credits to claim the full award sought but has successfully completed some components. A student may withdraw or be withdrawn from their programme with an exit award, which may include a:

- **Certificate of Higher Education (CertHE):**

A CertHE is awarded after one year of full-time study (or equivalent) at a university or other higher education provider.

If a student has been awarded a CertHE, they will have obtained 120 credits at Level 4 on the National Qualifications Framework (or over 120 but less than 240 credits) and have confirmed fails in their assessment record that prohibit further progression toward obtaining the intended degree or award.

- **Diploma in Higher Education (DipHE):**

A DipHE is awarded after two years of full-time study (or equivalent) at a university or other higher education provider.

If a student has been awarded a DipHE, they will have obtained 240 credits at Level 5 on the National Qualifications Framework (or over 240 but less than 300 credits) and have confirmed fails in their assessment record that prohibit further progression toward obtaining the intended degree or award.

Students who have been awarded an exit award, will be sent a certificate and academic transcript of results.

- 1.8. An “*Academic Transcript*” is a list of the programmes a student has been enrolled on and the grades that they received during a programme of study.

2. Principles

- 2.1. Those processing withdrawals, deferrals, interruptions and transfers at LSST will be guided by the following principles:
- i. The School will consult with all students seeking to withdraw, defer or transfer to another course and/or provider to ensure they fully understand the academic and financial implications.
 - ii. The School will ensure that students seeking to withdraw, defer or transfer have exhausted all available student support options prior to committing to proceed.
 - iii. The School will respect a student’s decision to voluntarily withdraw from a programme or transfer to another provider without exerting undue pressure to remain and will readily assist the student in proceeding.
 - iv. Where a student leaves their programme before completion, the School will ensure they receive any exit award that may be due to them, as well as a transcript of their achievement to date from the awarding body.
 - v. Where the School seeks to withdraw a student from a programme, it will do so only as a last resort when all possible remedial interventions and attempts at reconciliation have been exhausted.
 - vi. All procedures for involuntary withdrawal will give the student in question the opportunity to present their case to the deciding panel.
 - vii. Where the School has taken a decision to withdraw a student, they will be notified of their right of appeal and the correct means of doing so.
 - viii. The School will uphold a student’s right to a refund of fees paid in accordance with its [Tuition Fee and Refunds Policy](#).

3. Withdrawal from Study

3.1. Where the student initiates withdrawal:

If a student is contemplating withdrawing, the School will make every effort to offer appropriate advice and to make enquiries about whether any additional assistance could be provided that would enable the student to continue on the programme. Students are advised to speak to [Student Support](#) for advice about any further assistance that might be available. It is at this stage that students will be advised of the academic and financial implications of such a decision.

If, after consulting Student Support, the student decides to proceed with the withdrawal, they must complete a *Request to Withdraw/Defer Studies Form* and submit it to Student Support; the form can be downloaded from the Student Portal (LSST Connect).

All students on University of West London or Buckinghamshire New University validated programmes will have to complete, in addition to the LSST *Request to Withdraw/Defer Studies Form*, the UWL or BNU HE *Student Initiated Withdrawal Form*, which can be downloaded from the UWL or BNU Blackboard or obtained by request from Student Support.

3.2. Where the School initiates withdrawal:

The School may initiate the process of withdrawing a student in the event that:

- the student has failed to progress academically and all assessment opportunities have been exhausted
- the student has failed to satisfy LSST's [attendance requirements](#)
- the student has repeatedly and/or severely breached of the School's codes of conduct, particularly where this pertains to the health, safety and wellbeing of individuals
- the student has failed to return from a period of interrupted study
- the student has failed to re-enrol where required
- the student has not paid their tuition fees
- the student has provided false or misleading evidence in connection with their application, registration, or at any other time.

Note: The above examples are not exhaustive.

3.3. Consequences of withdrawal:

Any student withdrawing from their programme of study should take into consideration the following consequences of withdrawal:

- Their registration with LSST and the awarding body shall be terminated, and they shall no longer be a registered student of either institution.
- The School will duly process records with awarding bodies, other external bodies, any regulatory or governing body or other agencies will be notified. For the purpose of the student record, the date of withdrawal will be the same as the date the decision to withdraw is made or the date provided on the relevant form, unless evidence is readily available to confirm an earlier date.
- Students must take into consideration and refer to Student Support for guidance on the implications of withdrawal on their student loan and their finances.

4. Deferral of Study

4.1. All students registered on a University of West London programme can defer at any time.

4.2. For all students registered on London Metropolitan University programme the following applies:

- a. A student who wishes to defer his/her studies after the completion of an academic year for the following year (for example during the summer holiday period), must notify LSST of their intentions by completing the *relevant LSST Request for Withdrawal/Defer Form* (available on the LSST Connect), and must specify when they intend to resume their studies.
- b. Where an enrolled student's ability to complete their programme of studies is severely affected by circumstances which could not have been reasonably foreseen they may formally request an approved break from studies (intermission), provided such requests are received before London Metropolitan University's deadlines (for September starters: 31st March/For February starters: 30th June). A request can be made by completing the relevant LSST Request for Withdrawal/Defer form (available on the Student Portal), and must be accompanied by supporting evidence and confirmation from the student that all necessary advice has been sought in respect of the implications of the break of studies being approved.
- c. Students principally studying on a year-long structure can take a break for a year but not a semester.

- d. Those principally studying on a semester-based structure may take a break for a semester or a year (assuming that there are no academic impediments to this, such as the course/modules not running on their return).

4.3. For all students registered on Buckinghamshire New University the following applies:

- a. Students may be permitted to interrupt their studies for a maximum of two calendar years, subject to the stipulations of the programme of study. The initial period will normally be for one calendar year.
- b. Should an extension to this period be required, an additional request must be submitted and granted.
- c. Students who have interrupted their studies will not be permitted to submit any work for assessment, undertake an examination of any type or attend work/clinical placements.
- d. Students will be expected to return at the start of a study period in the next academic year.

4.4. The minimum period of interruption is one semester. The maximum period of deferral varies dependant on the awarding body in question, as such the following applies:

- For all London Metropolitan University, the normal deferral period would be of one year. However, under exceptional circumstances, a further year may be granted.
- For all University of West London Programmes, the maximum deferral period is of two calendar years (students unable to obtain an award within their registered period have 3 years in which to achieve the award).
- For all Buckinghamshire New University, students may be permitted to interrupt their studies for a maximum of two calendar years, subject to the stipulations of the programme of study. The initial period will normally be for one calendar year.

4.5. Circumstances that could be grounds for deferral shall be the same as those for mitigation and shall include the following:

- Physical or mental ill-health
- Severe financial hardship
- Emotional/personal difficulties, e.g. bereavement
- Disability e.g. where a student's disability comes to light for the first time at the assessment
- Unavoidable absence from the School, e.g. requirements of employer
- Unavoidable absence from domicile, e.g. eviction
- Other serious circumstances which could not be foreseen by the students

Note: The above examples are for illustration only and not intended to be definitive or exhaustive.

- 4.6. Students will not be able to defer modules only. Where a student is unable to attend their module and/or submit for assessment but will be able to submit at the next assessment point, they should refer to the [Mitigating Circumstances Policy](#).
- 4.7. Students may apply to defer their studies by filling in and submitting a *Request to Withdraw/Defer Form* to Student Support. The form can be downloaded from the Student Portal.
- 4.8. Students registered on a UWL programme of study, in addition to completing LSST's Request to Withdraw/Defer form, the students are also required to complete UWL's *HE Student Initiated Deferral form* (available for download from the UWL blackboard or from the Registry – registry@lsst.ac).
- 4.9. The School deferral process records the student's deferral status and calculates the student or SLC element of the tuition fee for refund purposes or to carry forward. In circumstances where students have a split fee liability between the Student Loans Company and the student, any refund due of any balance of fees paid by the student in excess of the reduced fee will be carried forward and credited to the next registration period. If the student or SLC element of the fee is greater than the fee paid at the point of suspension, the student will be liable for immediate payment of the outstanding amount. Failure to pay will prevent the student re-joining the programme.
- 4.10. All students registered on a University of West London validated programme, should be aware that the following will apply whenever a student wishes to defer:
 - a. The result of any module – either pass or fail – for which all assessments have been completed, will be retained;
 - b. The result for any module that has not been completed, for example, the student has submitted to Assessment 1 but not Assessment 2, will not be retained. The student shall re-register on that module on their return, however they will not be charged again for the module, and the assessments will not count as a retake, therefore they will not be capped.

Resumption of study

- 4.11. A date of resumption of study is agreed between the student and the School at the time of the application for deferral of studies, which is normally anything from one semester to two calendar years. On resumption of study, where the student is liable for the fee, the student will be invoiced the full tuition fee for the academic session, plus any repeat fee applicable, with a discount applied equal to the tuition fee charged for the period of study

prior to the deferral. Where the student is SLC funded a new Financial Assessment letter will be required for the fee due at the point of resumption.

Withdrawal following deferral

- 4.12. Students who wish to withdraw following the period of deferral should notify Student Support of their intention to do so. This may be done automatically by the Registry Department if a student fails to reregister on his/her programme of study within two weeks of the agreed resumption period.
- 4.13. All students on UWL or BNU programmes will also need to complete the UWL or BNU Student Initiated Withdrawal form and Withdrawal Crib sheet (for BNU students only).

Note: LSST will notify Student Finance England of any change of status where applicable.

5. Transfer

- 5.1. Students who wish to transfer to another LSST course during the first two weeks of starting their current course may make an application for transfer to the Registry Department. Registry will examine the transfer application carefully, taking into account class size, course availability at another Campus and other relevant factors, in particular, whether the transfer is in the best interests of the student.
- 5.2. If permission is given for the transfer, the student agrees to undertake additional studies themselves to enable them to catch up with the course within a reasonable time; e.g. 4 weeks.
- 5.3. If the result of the transfer entails moving to a course where the fees are reduced, a proportionate discount or refund will be given. If the result of the transfer entails moving to a course where the fees are increased, additional fees to cover the balance will apply.
- 5.4. Where a student wishes to transfer to another institution the following applies:
 - Any transfer requested will be treated as a Student Initiated Withdrawal and as such must follow the relevant process (this is inclusive of any process involving tuition fees)
 - The new institution would be the entity responsible for assessing any accreditation for prior learning.

- Where a student has passed modules on the relevant programme of study, an academic transcript of the completion of said modules would be provided by either the validating University or awarding body. If the student has passed and completed all the required modules for any given exit award, certification will be awarded by the relevant validating university or awarding body. As such for all University validated programmes; a Certificate of Higher Education (level 4, 1st year of degree programme), or a Diploma of Higher Education (level 5, upon 2nd year completion of a degree programme) would be awarded.

6. Review and Update

- 6.1. This policy will be reviewed annually by the Head of Registry; changes to it will be ratified by the School's Board of Governors.
